CREATING CHANGE IN ACTION

HOW ONE YOUTH-LED ORGANIZATION TURNED CONFERENCE PARTICIPATION INTO STATEWIDE IMPACT

PRISM FL: Building the Next Generation of LGBTQ+ Leaders in Florida

When PRISM first attended Creating Change six years ago, it was a small volunteer-led organization with a handful of emerging leaders. Today, PRISM has grown into one of Florida's largest youth-led LGBTQ+ organizations, employing a growing team of organizers, advocates, and educators serving communities across South Florida.

Creating Change has been a critical part of that journey.

Through leadership development opportunities, skills-building workshops, networking with peers from across the country, and participation in the Conference Leadership Caucus, PRISM's team developed the knowledge, confidence, and relationships needed to grow their organization and expand their impact.

"I would not be where I am at 23 years old, leading the largest youth-led LGBTQ+ nonprofit in the state of Florida, without the connections, experiences, and community I've gained from my years at Creating Change."

Maxx Fenning, Executive Director, PRISM FL

Over six years of participation...

- PRISM grew from a small volunteer team into a multi-staff organization.
- Twelve youth leaders and staff members attended Creating Change and brought new skills back to their communities.
- The organization began using Creating Change as an annual staff retreat and leadership development opportunity.
- In 2026, PRISM facilitated its first Creating Change workshop, helping advocates nationwide learn strategies for school board organizing and local advocacy.

That's the power of Creating Change. It's what becomes possible when we invest in leaders, organizations, and community. We invite you to partner with us and help bring your team, grantees, fellows, or community members into this transformative space in 2027.

A man is performing on a stage, wearing a sparkling, sequined bodysuit and blue pants. He is in a dynamic pose, with one arm raised high and one leg extended. In the background, there is a large banner that reads "INTERNATIONAL GLBTQ+ FILM FESTIVAL". Several people are seated at a table in the background, watching the performance. The scene is lit with stage lights, and there are colorful geometric shapes on the wall behind the performer.
