

Thanks for registering for Creating Change 2021! If you are **paying for registration(s) by mail with a check**, please carefully read the following instructions, and keep them handy for your reference.

For **each person** for whom you are paying – even if it’s only you! - we need:

- First name
- Last name
- Email address
- Mailing address

Without this information, we cannot successfully complete your registration(s) for Creating Change. This is especially important if you are registering a group from a school, an organization, or a company. Along with ensuring we can ultimately send a pre-paid registration link for group members to register themselves for the virtual conference, it will also ensure we can match your registration information with your payment-by-mail.

Please make sure your final payment amount reflects the total number of people in your group.

Registration fees are as follows:

Student/Independent - This limited income rate is available for anyone who needs it.

Amount: \$50.00

Organizer – if you/your registrants are paying for your/their own registrations. Contributing to the conference at this level helps subsidize the cost of registration for other attendees.

Amount: \$150.00

Change Agent – if your registration(s) are paid for by an organization. Contributing to the conference at this level helps subsidize the cost of registration for other attendees and helps maintain our platforms for virtual events.

Amount: \$250.00

Creating Change Sustainer – if you’re able to register at this level, you are subsidizing the cost of registration for other attendees, maintaining our platforms for virtual events, and investing in accessibility through ASL interpretation, closed captioning, and Spanish-language translation and interpretation.

Amount: \$500.00
